

## Join Rain for the Sahel and Sahara

in honor of founding supporters & RAIN Champions

Lee and John Lamson

**May 23<sup>rd</sup> 2024 at Alnoba, Kensington NH**

### RAIN's Mission

RAIN works in partnership with underserved rural and nomadic peoples of Niger to increase educational opportunities and improve livelihoods for more resilient communities.

### Why Niger?

- Out of 189 countries Niger is ranked last on the Human Development Index.
- 50% of children under five suffer from malnutrition.
- 38% of children attend primary school, and 11% attend secondary school. For girls, only 8% continue to secondary school.
- Fewer than 11% of women have an account with a financial institution or mobile money-service provider.

### RAIN's Programs

Our **Education Programs** strengthen the pipeline for education in rural and nomadic communities by offering mentoring and homestay support programs, as well as hosting students at the Agadez Learning Center which provides a supportive environment for girls to pursue secondary education in a larger city.

Our **Sustainable Agriculture Program** provides clean water, 3-season drip irrigated community gardens, and training in sustainable agricultural techniques, business practices, and nutrition.

Our **Women's Entrepreneurship Program** empowers women to establish Savings & Loans groups and implement herding initiatives that teach basic economic principles, develop entrepreneurial skills, and create opportunities for women to lift themselves and their families out of poverty.
